

Registration is open for SMI's 5th Annual Pharmaceutical Microbiology East Coast 2022

SMi Group reports: The 5th Annual Pharmaceutical Microbiology East Coast Conference in April 2022, registration now open

BOSTON, MA , UNITED STATES , January 9, 2022 /EINPresswire.com/ -- SMI Group is delighted to announce the [5th Annual Pharmaceutical Microbiology East Coast Conference](#), taking place on the 27th and 28th April 2022 in Boston, USA.

The 2022 Conference theme is on [harnessing existing methods](#) and novel tools in microbial control to assure continuity in product quality and patient safety.

The conference chair is Jim Polarine, Senior Technical Service Manager, Head of Microbiology & Sterile Technology, STERIS Corporation; Sanofi.

Post conference there will also be two interactive workshops taking place on 29th April 2022, on:

1. Microbial Risk-Assessment And Cleaning Validation
2. USP Microbiology 2022 – Keeping Up With Standards

Interested parties can register at <http://www.microbiologyeastcoast.com/PR1> , register by 31 January 2022 to save US\$200.

Attending the conference will enable delegates to:

- Review implementation guidance and validation for efficient disinfectant efficacy programs
- UNCOVER principles in best-practice and the benefits of a robust contamination control strategy
- Address fungal mould contamination and risk-based tools to tackle spore spreading
- Delve into the sterility assurance assessment and holistic closure integrity testing
- Explore the impact of the ongoing pandemic and the changing face of the pharma industry

• Understand new unique case studies, from contamination control as it relates to microbiome products, to risk-based assessments of traditional microbiological tests

Building on the success of previous years, [SMi's 5th Annual Pharmaceutical Microbiology East Coast Conference](#) will bring together leading experts in 2022 to discuss and analyse the latest advances and challenges surrounding Pharmaceutical Microbiology.
