"Eli performed very well across all aspects of our program, showing disciplined dedication to his professional growth," said David R. Koenig, President and CEO of the DCRO Institute. "His expertise and knowledge will serve him well in the important risk leadership role he holds, while this program allows him to bring new insights on risk, governance, and value creation to his organization," he continued.

The Certificate in Risk Governance is awarded to those who have completed an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and

those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents.

"The Certificate in Risk Governance program is very comprehensive," said Mr. Giombi. "With my hedge fund experience, I have always been focused on investment (market) risk. This program greatly expanded my risk background and I now see framing risk governance as an opportunity," he continued.

The Certificate in Risk Governance program, also known as The Board Members' Course on Risk[®], is unique. No course on risk for board members [as robust as this](#) - depth, practicality, and global expertise - exists anywhere else. The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
