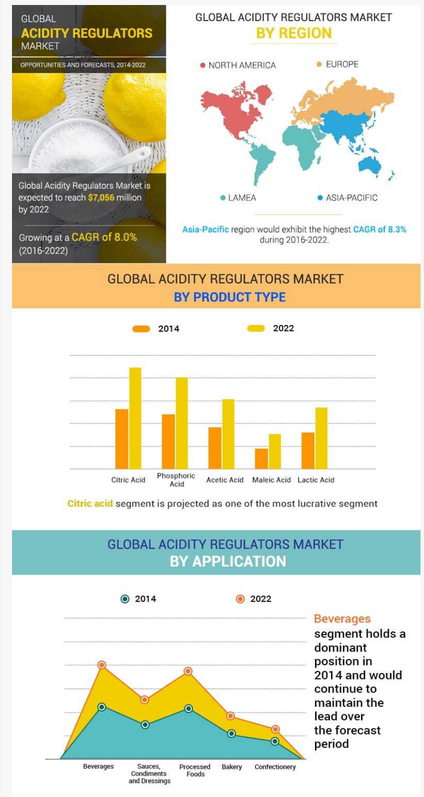
Acidity Regulators Market – Know What Segments & Players Seeking Heavy Attention

Acidity Regulators Market by Product and Application : Global Opportunity Analysis and Industry Forecast, 2014-2022.



Acidity Regulators Market

PORTLAND, OR, UNITED STATES, January 11, 2022 /EINPresswire.com/ -- The global market for acidity regulators was valued at $4,456 million in 2015, and is expected to reach $7,065 million by 2022, growing at a CAGR of 7.96% from 2016 to 2022. Asia-Pacific generated the highest revenue in 2015, and is expected to maintain its lead, followed by North America and Europe.

Wide applications of acidity regulators are flavoring agents in food products, preservatives, antioxidants, and chelating agents drive the market growth. However, overconsumption of acidity regulators causes ill effects such as nausea, vomiting, toothache, and others, restricting the market growth.

Acidity regulators market is influenced by the strict government regulations to control adulterations, enhance the shelf life, inhibit the growth of microorganisms, and prevent food products from rancidity. These factors collectively create opportunities for market growth, while excessive intake of these compounds can cause health issues, thus limiting the market growth.
