

# AXA Partners introduces Health Elect to provide access to US Health Insurance

*Health Elect is a insurance marketplace that offers customers an accessible way to purchase affordable short-term insurance and medical indemnity health plans.*

CHICAGO, IL, USA, January 12, 2022 /EINPresswire.com/ -- This year, Americans will find they have more plan choices and continue to benefit from lower insurance costs, thanks to the American Rescue Plan that makes it easy to find affordable and quality health care coverage.

AXA Partners, a globally-recognized organization delivering health, travel, and cost containment services, has launched an innovative health insurance website, [Health Elect](#), that allows customers to explore health insurance options and select the right policies for themselves. AXA Partners' goal is to deliver a simple and quick way to browse and purchase US health insurance policies from a selection of carriers through a direct-to-consumer marketplace.

Currently, Health Elect is distributing short-term health insurance plans, medical indemnity insurance, ACA (Affordable Care Act) health insurance plus critical illness, accidental death and dismemberment, vision and dental plans.

"I'm very excited about the launch of the AXA Health Elect site. Typically, searching for quality health insurance can be challenging with so many companies offering different coverages.

Start using your health insurance as early as the next day.

Discover the health insurance options available to you.

Through AXA Health Elect our customers have the ability to select from a variety of top tier insurance companies for the coverages they actually need.”, said Blessy George, AXA Partners US CEO

With Health Elect, consumers visiting the website will have access to all the details and information about each health insurance plan offered in their area. They can easily review and compare various health insurance plan options to find out which one fits their budget, lifestyle, and family the most. They can also find out whether they are eligible for financial assistance, which can help them pay for premiums or reduce deductibles when receiving services. They can also find plans that can help them get benefits as early as the next day.

Medical beneficiaries interested in using Health Elect can apply for their chosen health insurance plan online or by phone from the safety and comfort of their homes.

For individuals who require personal assistance in understanding the benefits and terms and conditions of a plan, the Health Elect customer care team is available Monday – Friday from 8am to 8pm EST to answer all questions related to the service.
