SARASOTA, FL, UNITED STATES, January 12, 2022 /EINPresswire.com/ -- Nate Armstrong, the co-founder of Social Media Blueprint and Home Invest, which was named one of the Inc. 500's fastest-growing private companies —has built a premier results-driven real estate training and education platform to help thousands of new and experienced investors find success through real estate investing.

Nate Armstrong Speaking At Live Event

With a deeply held belief that business and impact should go hand in hand, Armstrong and the team decided to find a cause they felt impacted by and squarely focused their charity and philanthropic efforts towards helping the cause —choosing Operation Underground Railroad founded by Tim Ballard and operating out of Anaheim, CA.

“

We believe business is about doing more good and we couldn't be more thrilled than to support a mission near and dear to our hearts with Operation Underground Railroad.”

traffickers worldwide.

In one event, Social Media Blueprint raised \$11,000 based on individual contributions as part of

the enrollment for their training and education services for real estate investors —with founder Nate Armstrong proudly saying:

“We believe business is about doing more good and we couldn’t be more thrilled than to support a mission near and dear to our hearts with Operation Underground Railroad —for all the children around the world that need our help.”

The members of Social Media Blueprint's high-level coaching program who donated as part of their enrollment include the following names:
