[Dental implants in Center Valley](#) are one of the most popular services offered by Center Valley Dental. Dental implants can replace one or more missing teeth with a titanium screw and a natural-looking, color-matched crown.

“Dental implants are long-lasting and natural-looking,” says Dr. Matthew Lang of Center Valley Dental. “From beginning

to end, the process takes about six months, but the results are life-changing.”

Adds Dr. Lang, patients can eat foods without pain, prevent jawbone deterioration, and smile more confidently.

In addition, [crowns in Center Valley](#) are also available. CEREC dental crowns can be created and placed in a single visit. They change the shape, size, and color of a patient’s smile.

All treatments, says Dr. Lang, are delivered in a comfortable, state-of-the-art office by a team of experienced dentists and hygienists.
