

# Intelligent Building Market | Trends, Top Manufactures, Market Demands, Industry Growth Forecast: 2024

*The global intelligent building market is segmented into component, type, end user, and region.*

PORTLAND, PORTLAND, OR, UNITED STATE, January 13, 2022

/EINPresswire.com/ -- A rise in need for new energy-efficient interventions, increased market for Building automation and control systems, supportive industry standards and regulations toward smart buildings, and extensive IoT penetration in building management systems drive the growth of the global [intelligent building market](#).

Intelligent Building Market

However, high initial investment and complex interoperability between various systems and devices deployed for managing infrastructure hamper the intelligent building market growth.

According to a recent report published by Allied Market Research, titled, "Intelligent Building Market by Component, Type, and End User: Global Opportunity Analysis and Industry Forecast, 2017-2024", the global intelligent building market was valued at \$12,371 million in 2017, and is projected to reach at \$42,649 million by 2024, growing at a CAGR of 19.6% from 2018 to 2024.

Based on type, the intelligent security system segment led the intelligent building market in 2017 and is projected to maintain its dominance in the future. However, the building energy management system segment is expected to witness the highest growth, owing to its increased adoption due to different initiatives taken by countries to reduce carbon emissions and for energy conservation.

## Key Findings of the Intelligent Building Market:

- The services segment is expected to exhibit a significant increase in the global intelligent building market during the forecast period.
- Based on type, the intelligent security system segment generated the highest revenue in 2017.
- In 2017, the commercial segment accounted for the highest revenue among the other end-user.
- Europe generated the highest revenue in 2017.
- Asia-Pacific is projected to exhibit substantial growth during the forecast period.

Some of the key players operating in the intelligent building market that are profiled in the report include ABB, Cisco Systems, Inc., Delta Controls, Honeywell International Inc., Intel Corporation, Johnson Controls, Legrand, Schneider Electric, Siemens AG, and United Technologies Corporation.
