with organization, status of their orders, and any outstanding customer service issues, which drive growth of the global healthcare CRM market.

## Impact of Covid-19 on Healthcare CRM Market

- 1) The COVID-19 impact on the Healthcare CRM Market is unpredictable and is expected to remain in force till the fourth quarter of 2021.
- 2) The COVID-19 outbreak forced governments across the globe to implement strict lockdowns and banned import-export of nonessential items for most of 2021. This led to sudden fall in the availability of important raw materials.
- 3) Moreover, nationwide lockdowns forced manufacturing facilities to partially or completely shut their operations.
- 4) Adverse impacts of the COVID-19 pandemic have resulted in delays in activities and initiatives regarding development of reliable and innovative drone analytics systems globally.
