VALENCIA, CA, UNITED STATES, January 17, 2022 /EINPresswire.com/ -- Today, on their website, Facebook, Instagram, and Twitter pages, Animal Behavior College (ABC) has announced the debut of The Betty White Memorial Zookeeper Assistant Program Scholarship.

..I just don't know how I would have lived without animals around me. I'm fascinated by them- both domestic pets and the wild community. They just are the most interesting things in the world to me..."

Betty White

With the saddening news of Betty White's passing on December 31, 2021, Animal Behavior College, thought it would be most suitable to dedicate a scholarship in her memory. White dedicated her life to assisting animals in need. While she was extremely passionate about both cats and dogs, she also contributed to the wellness of exotic animals everywhere.

Throughout the years, Betty White worked with many

animal welfare organizations including the Los Angeles Zoo Commission, The Morris Animal Foundation, African Wildlife Foundation, and Actors and Others for Animals. She was a member of the Greater Los Angeles Zoo Association since 1974 and served on the association as a Zoo Commissioner for eight years. She received a multitude of accolades for her accomplishments in helping animals. In 1987, Betty White was awarded the Humane Award by the American Veterinary Medical Association for her charitable work with animals. Betty White funded the relocation of otters and penguins from the Audubon Aquarium in New Orleans to the Monterey Bay Aquarium. Soon after, she started the Betty White Wildlife Rapid Response Fund following the Deepwater Horizon oil spill. This helped scientists better understand the spill's influence on marine life.

Because of her contributions and endless efforts to enhance the well-being of animals everywhere, and in tribute to what would've been Betty White's 100th birthday on January 17th, 2022, ABC is offering a new scholarship in her name; The Betty White Memorial Zookeeper Assistant Program Scholarship.
