Key findings of the Infusion Pumps and Accessories Market:

Accessories & disposables segment accounted for around three-fourths share of the global infusion pumps and accessories market in 2016.

Ambulatory surgical centers segment is expected to grow at a CAGR of 6.1% from 2017 to 2023.

Diabetes segment accounted for nearly one-fifth share of the global infusion pumps & accessories market in 2016.

North America accounted for around three-fifths share of the global infusion pumps & accessories market in 2016.

LAMEA is expected to grow at the highest CAGR of 6.3% from 2017 to 2023.

North America was the leading revenue contributor to the global infusion pumps & accessories market in 2016, accounting for more than half of the share. This is attributed to the early approval of infusion pumps and high use of these devices due to rise in incidence of chronic diseases. However, Asia-Pacific is expected to grow at the highest CAGR of 6.9% during the study period, due to increase in affordability, surge in healthcare expenditure, and rise in awareness towards infusion pumps.
