PORTLAND, OREGON, UNITED STATES, January 18, 2022 /EINPresswire.com/ -- According to the report by Allied Market Research, titled, "[Saudi Arabia Medical Bandages Market](#) by Product (Gauze Bandage, Adhesive Bandage, Cohesive Bandage, and Elastic Bandage), Application (Surgical Wounds, Traumatic & Laceration Wounds, Burns, Ulcer, Sports Injuries, and Other Wounds), and End User (Hospitals, Clinics, and Ambulatory Surgical Centers): Opportunity Analysis and Industry Forecast, 2019–2026". The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

Increase in number of sport injuries in the country, surge in geriatric population, and rise in number of accident cases in the country drive the growth of the Saudi Arabia medical bandages market. However, availability of advanced wound care products may hinder the market growth. On the other hand, better access to healthcare services and availability of improved healthcare infrastructure create new opportunities in the coming years.

Covid-19 scenario:

During the corona virus pandemic, the demand for medical bandages has been decreased; however, the manufacturing activity has not been affected.

Various surgeries have been postponed by hospitals to minimize gathering of people in hospital and reduce probability of corona virus infection. Moreover, the number of accidents has been decreased during the lockdown in Saudi Arabia.

The demand for medical bandages is on the rise in Saudi Arabia, owing to surge in incidence of sports injuries. Furthermore, rise in number of surgical procedures across the globe is another factor that fuels the growth of the market.

The major factor that contributes toward the growth of the medical bandages market include surge in number of sport injuries. Furthermore, other factors such as rise in number of surgical procedures and increase in healthcare expenditure fuel the growth of the market. Moreover, rise in demand for medical bandages and surge in the number of accident cases contributes toward the growth of the market. In addition, rise in the adoption of medical bandages due to surge in awareness related to the benefits associated with their use also contribute to the growth of the market.
