ST. LOUIS, MO, UNITED STATES, January 19, 2022 /EINPresswire.com/ -- When leaders get better, everyone gets better. That's why Tiller-Hewitt HealthCare Strategies is declaring 2022 as the "Year of the Leader." For more than 20 years, Tiller-Hewitt has helped

hundreds of C-Suite executives achieve strategic growth and measurable results by providing their teams with solutions to improve physician engagement and retention; minimize leakage; maximize network utilization; grow market share; and grow strategic, high-margin service lines and specialties.

“

Our new series of leader-to-leader podcasts, webinars and workshops are designed to answer questions with timely, relevant, fresh and practical solutions-straight from leaders who have seen them work”

But most leaders have little time to access the executive resources they need, themselves. Recognizing their universal appetite to connect with - and learn from - their colleagues, Tiller-Hewitt is introducing new peer-to-peer forums that make it easy for busy executives to tap into effective solutions to their toughest challenges.

“As their trusted advisor, the #1 question we’re asked by the best healthcare leaders comes in two forms: ‘What are you seeing in other parts of the country?’ or ‘What are others doing to overcome this particular challenge?’,” said Tammy Tiller-Hewitt, MHA, FACHE, Chief Executive Officer of Tiller-Hewitt HealthCare Strategies. “Our new series of

leader-to-leader podcasts, webinars and workshops are designed to answer those questions with timely, relevant, fresh and practical solutions - straight from the leaders who have seen them work.”

Leadership Lens Podcast Series

This on-demand series is perfect for busy leaders who enjoy the lively, casual podcast format. Each podcast features an experienced leader engaging in a candid conversation with Tammy Tiller-Hewitt about the good, the bad and awesome lessons learned - plus some jaw-dropping stories - about their experiences leading organizations in these challenging times.

Leadership Webinar Series

The need to recover profitable business and market share is more important – and more challenging – than ever as the unprecedented disruption of the pandemic enters year three. Each of the 2022 bi-monthly Leadership Webinar Series events will focus on specific solutions to one of the toughest strategic growth barriers: staffing shortages, physician turnover, provider and leader burnout, access chokepoints, limited service line capacity and lack of effective execution. Leaders from organizations across the U.S. will join the Tiller-Hewitt team as featured co-speakers to demonstrate the best practices and practical solutions that are working.

Outreach and Physician Liaison Team Leader Training

Leveraging the success of Tiller-Hewitt's signature Make-it-Matter training series for physician liaisons and outreach professionals, the “manager's only” curriculum piloted in 2021 will continue in 2022. The two-day training workshops enable those who lead – or aspire to lead – outreach teams to experience live instruction, videos, role-playing, break-outs and interactive exercises they can immediately implement to improve strategic growth performance of their teams.
