'Just Swipe' Official Poster

I got to know Jodie a lot better and when I was brought back to Fuller House all these years later, I realized she was someone I had to work with."

David Lipper, Producer and Lead Actor 'Just Swipe'

inspired by director and co-writer, Elizabeth Blake-Thomas' own experiences with Zoom dating during the pandemic.

"As a huge fan of rom-coms, I also took pride in telling a new style of romantic comedy," says Blake-Thomas. "Technology is such a huge part of most people's lives nowadays. Mix in quarantine and the accessibility of dating apps and video chat platforms like Zoom, and you have a comical, relatable setting for romance. It was such a joy making this rom-com, as we all need to have a laugh, in today's world now more than ever. With so many

hardships over the recent years, it is important to laugh at the world and laugh at ourselves."

'Just Swipe' is the first time that Sweetin and Lipper have starred in a motion picture together. The two starred in the classic family series Full House, where Sweetin played Stephanie Tanner and Lipper appeared in the final season as DJ's boyfriend, Viper. They both also reprised their roles for Fuller House.

"It's funny, I was closest with John Stamos and Bob Saget when filming the show, and of course did most of my work with Candace Cameron, who I adore, but Jodie was pretty young when I was on so I didn't really know her well. In later years, I got to know Jodie a lot better and when I was brought back to Fuller House all these years later, I realized she was someone I had to work with. Being a producer now gives me the luxury of hiring the people I like, and I was thrilled to have this opportunity with Jodie, who's grown into a wonderfully talented comedic actress." shared David Lipper.

Synopsis:

Vanessa has always had trouble in the dating world, never mind now being confined to her home. She soon discovers just how much you can get away with dating via webcam, but is the love she feels true or only a distorted version of reality?

"We are proud to be presenting Just Swipe, just in time for Valentine's Day," says Legacy Distribution CEO, Dana Webber. "It is the fun, feel-good film that we all need right now, and will make you believe in finding love in the strangest of times."
