Cyber Apps World Inc. (OTCPINK: CYAP) Corporate Update

US, January 19, 2022 /EINPresswire.com/ -- Cyber Apps World Inc. (OTCPINK: CYAP) Corporate Update

Cyber Apps World, Inc. (OTCPINK: CYAP) is pleased to provide the following Corporate update.

Friend and Fast Delivery Application

Cyber Apps is proceeding with the development of its Friendly and Fast delivery application. Real-world beta testing is proceeding in Ahmedabad, India. Beta testing will include evaluating and refining the Friendly and Fast app to ensure its functionality with businesses, drivers, and consumers. Cyber Apps will also test market the use of the specific “Jaldime” (which means, “in a hurry”) branding to evaluate its appeal to Indian consumers, which may facilitate the expansion of operations throughout other regions of the country. At the completion of beta testing, Cyber Apps also intends to proceed with the marketing and launch of its Friendly and Fast app in the United States.

Friendly and Fast will offer a smartphone-based app that customers will be able to use to not only order food, but also to commission groceries and other courier services. Friendly and Fast will target both individuals and corporate customer segments. For corporate clients, this feature will give discounts to restaurant owners, grocery stores, couriers, and similar enterprises so they can affordably provide deliveries to their customers.

WarpSpeed Taxi Application

Cyber Apps has decided not to proceed with the completion of the purchase of the WarpSpeed Taxi application through its subsidiary and has received a full refund of the consideration it paid in connection with the acquisition. As part of the termination agreement, the directors of WarpSpeed, who are also Cyber Apps’ directors, have resigned and appointed the President of the vendor in their place. Cyber Apps has also agreed to shares of common stock in the capital of WarpSpeed that it owns to the vendor. The agreement will allow Cyber Apps to focus on its development of the similar Friendly and Fast application without incurring additional acquisition costs.

Bazaar Online

Cyber Apps is pleased to announce that it has commenced development of a new online shopping experience to be known as Bazaar Online. Bazaar Online will be a market platform that helps people with buying and selling goods in their own local region. Cyber Apps wants to generate a new era of online of personal item and consumer goods sales by developing an influential platform that brings value into the local marketplace. Considering the highly competitive market for the purchase and sale of goods at the consumer level, Bazaar Online intends to differentiate itself by offering a friendlier application for facilitating transactions, as well as providing a cost-effective solution for every sale. Cyber Apps aims to be a customer-oriented company that delivers the best service to its subscribers.
