

ALM Cars Offers Nationwide Shipping from its Massive Car Inventory

With an inventory of over 4,000 cars, the dealership now offers shipping to every area of the country.

ATLANTA, GEORGIA, UNITED STATES, January 19, 2022 /EINPresswire.com/ -- Shopping for a new vehicle can be a lengthy and frustrating experience at the best of times. Many people are now opting to shop online due to the pandemic, but while this may initially seem like a convenient way to find the right vehicle, it can also prove to be unexpectedly time-consuming. The problem is that most dealerships only deliver to certain areas of the country, which can lead to repeated disappointments on the part of the would-be buyer.

[ALM Cars](#) has taken action to overcome this problem by ensuring that its cars can be delivered to every area in the United States. Daniel Salazar, Chief Marketing Officer of ALM Automotive group, says that the service is offered in keeping with their goal to provide exceptional customer service and consistently provide the best possible solution.

"It doesn't matter where in the United States you live, we will deliver the car of your choice to you at an affordable price. And if you live in Georgia, you can have your vehicle delivered for free!"

Delivery costs for drivers who live elsewhere in the States range from \$399 to \$499, depending on their location. And for additional peace of mind, ALM Cars also offers a Five-Day/300-Mile exchange policy. This means that if a customer feels they've made the wrong decision, they can swap their vehicle for something else from the inventory, at the same or higher value.

ALM's inventory consists of a wide range of quality pre-owned cars, trucks, and SUVs from many of the most popular auto manufacturers. The company boasts over 45,000 positive online reviews and over 100,000 satisfied customers.
