

# Robotic Surgery Services Global Market To Grow At Rate Of 16% Through 2026

*The Business Research Company's  
Robotic Surgery Services Global Market  
Report 2022 – Market Size, Trends, And  
Forecast 2022-2026*

LONDON, GREATER LONDON, UK,  
January 20, 2022 /EINPresswire.com/ --  
According to 'Robotic Surgery Services  
Global Market Report 2022 – Market  
Size, Trends, And Global Forecast 2022-

2026' published by [The Business Research Company](#), the [robotic surgery services market](#) size is expected to grow from \$0.73 billion in 2021 to \$0.86 billion in 2022 at a compound annual growth rate (CAGR) of 17.8%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The robotic surgery services market is expected to reach \$1.59 billion in 2026 at a CAGR of 16.6%. Increase in purchasing power of hospitals and ambulatory care services has helped in the growth of the robotic surgery service market.

Robotic Surgery Services Global Market Report 2022 –  
Market Size, Trends, And Global Forecast 2022-2026

## [Global Robotic Surgery Services Market Segments](#)

The global robotic surgery service market is segmented:

By Component: Systems, Accessories, Services

By Application: General Surgery, Urological Surgery, Gynecological Surgery, Orthopedic Surgery, Neurosurgery, Others

By End-User: Hospitals, Ambulatory Surgery Centers (ASCs)

By Geography: The global robotic surgery market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.

Robotic Surgery Services Global Market Report 2022 is one of a series of new reports from The Business Research Company that provides robotic surgery services market overviews, robotic surgery services market analysis, robotic surgery services market forecast, robotic surgery services global market growth, robotic surgery services global market share, robotic surgery services market segments and geographies, robotic surgery services market players, robotic surgery services market leading competitor revenues, profiles and market shares. The robotic surgery services market report identifies top countries and segments for opportunities and strategies based on market trends and key competitors' approaches.

TBRC's Robotic Surgery Services Global Market Report 2022 includes information on the following:

Data Segmentations: Market Size, Global, By Region and Country, Historic and Forecast, and Growth Rates for 60 Geographies

Key Market Players: Intuitive Surgical Inc, Stryker Corporation, Medrobotics Corporation, Johnson & Johnson, Globus medicals, NuVasive, Smith & Nephew plc, Titan Medical Inc, TransEnterix Inc and University of Pittsburgh Medical Centre.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

And so much more.
