

Strategies For Global Prenatal Testing & Newborn Screening Market Players In 2022-2026 Market Forecast Period

The Business Research Company's Prenatal Testing & Newborn Screening Global Market Report 2022: Market Size, Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK,
January 20, 2022 /EINPresswire.com/ --
According to 'Prenatal Testing & Newborn Screening Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026' published

by [The Business Research Company](#), the [prenatal testing & newborn screening market](#) size is expected to grow from \$4.49 billion in 2021 to \$5.04 billion in 2022 at a compound annual growth rate (CAGR) of 12.2%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The prenatal testing and newborn screening market is expected to reach \$7.98 billion in 2026 at a CAGR of 12.2%. The high prevalence of genetic diseases in infants contributed to prenatal testing and newborn screening market growth.
