commodity that tends to the needs and wants of the population, whilst providing top notch quality, is what makes a product or service magical,” Thomas Brandt, the Spokesperson of IAA, exclaimed. “Thus, with the arrival of a new year, we strive to continue recognizing and honoring these luxurious brands, products, and services that are prevalent in society.”

Fundamentally, several awards concepts have remained the same, encompassing a myriad of [iLuxury Categories](#) and impartial judging. Submissions will be judged by a panel of internationally established professionals from

various fields, all of whom are experts within their respective industries. The 2022 winners will have an opportunity to be crowned the Grand winners, and receive numerous benefits for their magnificent achievements.

On top of that, the awards houses two 2022 iLuxury Statuettes, featuring two captivating designs – the Glaze Statuette and Crystal Statuette. The statuettes are designed to personify a sense of enchantment that accustomed luxurious products and services imbue. They are presented in an

elegant manner, with underlying nuances based on the representation of different statuettes, symbolizing class, elegance, and luxury.

Similar to the other awards under the IAA, accessibility will remain a core principle for iLuxury Award's operations. Additionally, the award is introducing a simple online application process, as well as affordable rates, which caters to international brands of all statures, regardless of the brands having prior esteemed reputation, or not.
