

Dental Implants Market Statistics: Actually, a Good Investment Option in Current Scenario, Report – 2028

This report provides an extensive analysis of the current and emerging market trends and dynamics in the Global Dental Implants market.

NE WIN SIVERS DRIVE, PORTLAND, UNITED STATES, January 20, 2022 /EINPresswire.com/ -- According to the report by Allied Market Research, titled, "[Dental Implants Market](#) By Material (Titanium dental implants, Zirconium dental implants), and Procedure (Root-

Dental Implants Market

form dental implants, Plate-form dental implants): Opportunities and Forecasts, 2021-2028". The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

The global dental implants market is expected to register moderate growth, attributed to factors such as rising aging population, poor oral hygiene and surge in incidences of oral diseases. Other key factors fuelling the market growth are rising disposable income in developing countries and increasing technological advancements such as CAD, mini dental implants and 3D dentistry. However, limited reimbursements, high costs and limited awareness of dental implants are likely to restrain the market.

000000-00 0000000000:

- 1) The COVID-19 impact on the Dental implants market is unpredictable and is expected to remain in force till the fourth quarter of 2021.
- 2) The COVID-19 outbreak forced governments across the globe to implement strict lockdowns and banned import-export of nonessential items for most of 2021. This led to sudden fall in the

availability of important raw materials.

3) Moreover, nationwide lockdowns forced manufacturing facilities to partially or completely shut their operations.

4) Adverse impacts of the COVID-19 pandemic have resulted in delays in activities and initiatives regarding development of reliable and innovative drone analytics systems globally.
