

Elevator and Escalator Market Growth to Regain Status Quo as Recovery in Construction Sector Commences

Elevator and Escalator Market Records Growth as Demand from Building & Construction Industry Surges

JUMEIRAH LAKES TOWERS, DUBAI, UNITED ARAB EMIRATES, January 20, 2022 /EINPresswire.com/ -- As per FMI, the [global elevator and escalator market](#) is slated to record a 6.6% CAGR over the assessment period, 2020-2030. The growth is primarily attributed to the rapid expansion of building and construction activities across the globe. Players operating in the market are focusing on innovative technologies to make their products eco-friendly and safer.

Elevator and Escalator Market

Although the recent outbreak of COVID-19 has ensued in weakening market growth, the market is anticipated to recover with the reopening of construction sites.

“Companies are introducing innovative technologies that offer more advanced functionalities in elevator and escalator, this will generate lucrative growth opportunities for the market in the approaching years.” says the FMI analyst.
