

Aaron Haidet Joins the Motion Controls Robotics Sales Team

Motion Controls Robotics, Inc is excited to announce Aaron Haidet has joined the sales team to help customers with end of line automation and robotic solutions.

FREMONT, OHIO, USA, January 20, 2022 /EINPresswire.com/ -- [Motion Controls Robotics, Inc \(MCRI\)](#) is excited to announce that Aaron Haidet has joined the sales team as a Regional Sales Manager. Haidet is tasked with finding customers who need [end of line solutions](#) through automation and robotics. Haidet's experience in engineering and the manufacturing processes give him the unique ability to help customers looking to integrate robotics.

Aaron Haidet received his bachelor's degree in Mechanical Engineering from The University of Akron. He comes to Motion Controls Robotics, Inc from C. A. Litzler Co., Inc. where he worked as a sales engineer helping companies to install industrial ovens and drying systems.

Aaron Haidet - New Sales Manager at Motion Controls Robotics

“

Haidet agreed stating he is, “excited to be part of the MCRI Team and looking forward to coming up with the best solutions for every customer.””

Aaron Haidet

“We are very excited to have Aaron join our sales team. explains Jim Skelding, VP of Sales & Marketing. “His engineering background gives him the necessary skills to solve challenging applications and integrate MCRI automation”

Haidet agreed stating he is, “excited to be part of the MCRI Team and looking forward to coming up with the best solutions for every customer.”

Aaron lives near Akron, Ohio. Outside of work he enjoys golfing, snowboarding, fishing, and spending time with his wife and dog.

Since 1995 Motion Controls Robotics, Inc (MCRI) has provided the highest quality robotic automation systems to a variety of industries. Building on that background experience, MCRI integrates robot systems to provide complete end-of-line applications, fulfillment solutions, and general material handling automation that include Industry 4.0 connectivity options.
