

Coworking Space Global Market To Grow At Rate Of 17% Through 2026

*The Business Research Company's
Coworking Space Global Market Report
2022: Market Size, Trends, And Global
Forecast 2022-2026*

LONDON, GREATER LONDON, UK,
January 21, 2022 /EINPresswire.com/ --
According to '[Coworking Space Global
Market Report 2022](#) – Market Size,
Trends, And Global Forecast 2022-2026'

published by The Business Research Company, the coworking space market size is expected to grow from \$13.60 billion in 2021 to \$16.17 billion in 2022 at a compound annual growth rate (CAGR) of 18.9%. The growth in the coworking space market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The coworking spaces market is expected to reach \$30.36 billion in 2026 at a CAGR of 17.0%. The rise in the number of startups across various industries globally increased the demand for coworking spaces, driving the coworking space market growth during the forecast period.

The coworking spaces market consists of coworking space rental revenues earned by entities (organizations, sole traders and partnerships) that provide coworking workspaces on rent or lease. Unlike traditional office rental, the cost of renting coworking workspaces usually covers the use of related services/equipment such as office chairs and desks Internet/Wi-Fi connection, hardware, software, and others. The industry includes businesses that offer non-residential structures with amenities and facilities on a flexible rental basis.

Global [Coworking Space Market Trends](#)

The development of sustainable coworking spaces is a major trend shaping the coworking spaces market. Coworking spaces are implementing eco-friendly measures in the workplace to attract entrepreneurs concerned with environmental issues such as global warming. Sustainable
