

Serviced Office Global Market To Grow At Rate Of 18% Through 2026

*The Business Research Company's
Serviced Office Global Market Report
2022: Market Size, Trends, And Forecast
To 2026*

LONDON, GREATER LONDON, UK,
January 21, 2022 /EINPresswire.com/ --
According to 'Serviced Office Global
Market Report 2022 – Market Size,
Trends, And Global Forecast 2022-2026'

published by The Business Research Company, the [serviced office market](#) size is expected to grow from \$27.83 billion in 2021 to \$33.30 billion in 2022 at a compound annual growth rate (CAGR) of 19.7%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. Serviced office market research shows that the market is expected to reach \$64.06 billion in 2026 at a CAGR of 17.8%. Governments are increasingly supporting and funding start-ups and SMEs which is primarily contributing to the growth of serviced offices.

The serviced office market consists of offering of fully equipped office or office building, managed by the office provider and related services. Serviced office is provided with some services like dedicated receptionist, administrative support as well and facilities like conference rooms, meeting rooms, air conditioning and other utilities. A serviced office is a furnished and fully-equipped pay-as-you-use office space, located in a building managed by the office and services provider.

[Global Serviced Office Market](#) Trends

The serviced offices are implementing the internet of things into their services. A smart serviced office came in most of the aspects as a serviced office except that smart serviced office is equipped with sensors, interactive devices, etc. For companies that are concerned about costs,
