

Drone Servicing/Repair Global Market To Grow At Rate Of 50% Through 2026

The Business Research Company's Drone Servicing/Repair Global Market Report 2022: Market Size, Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK,
January 21, 2022 /EINPresswire.com/ --
According to '[Drone Servicing/Repair Global Market Report 2022](#) - Market Size, Trends, And Global Forecast 2022-

2026' published by The Business Research Company, the drone servicing/repair market size is expected to grow from \$8.61 billion in 2021 to \$13.08 billion in 2022 at a compound annual growth rate (CAGR) of 51.9%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The drone servicing and repair market is expected to reach \$65.41 billion in 2026 at a CAGR of 49.5%. The growing adoption of precision agriculture practices is expected to drive the growth of the drone servicing or repair market in the coming years.
