

Facilities Support Services Industry Uses Analytics Software For Effective Recruiting

*The Business Research Company's
Facilities Support Services Global Market
Report 2022 – Market Size, Trends, And
Global Forecast 2022-2026*

LONDON, GREATER LONDON , UK,
January 24, 2022 /EINPresswire.com/ --
Facilities support activities companies
are increasingly using technology to
effectively recruit and manage
candidates. Global [facilities support
services market](#) trends include these
technologies that offer features such

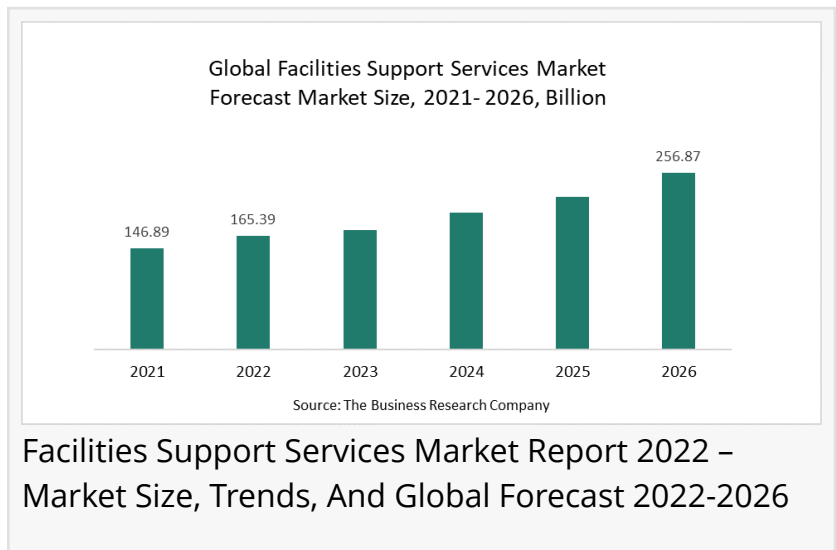

as passive activity tracking, integration with email platforms and maintaining candidate databases. This reduces recruitment time, improves placement quality, and strengthens relationship with clients. The facilities support services market scope shows that recruitment analytics software also provides helpful business insights for staffing agencies. For example, in North America, 64% of firms use technologies such as an applicant tracking system (ATS) to track candidate activity and about 60% firms use a customer relationship management (CRM) system for business development.
