Paul June, VP of Marketing for Anaheim-based Mobile Edge, explains, "Travel can be stressful. For many of us, we're out of our element. Essential Mobile Power & Accessories

What good is all that gear if travelers can't keep it powered

while they're on the go?

Mobile Edge's CORE Power AC USB 27,000mAh Portable Laptop Charger feeds power-hungry laptops and personal electronics. It delivers 85 watts of power, features a standard AC outlet, and meets FAA carry-on requirements.

Our CORE Power 26,800mAh Portable USB Battery/Charger easily meets the demands of

smartphones, tablets, cameras, and most other USB devices. Lightweight and airplane-friendly, this mobile power bank easily slips into a briefcase, handbag, backpack, or carry-on.

Once travelers get to their destination, the All-in-One USB-C Adapter Hub helps them keep their devices connected. It provides 4k HDMI video output, a USB-C PD charging port, SD/MICRO SD card reader, and Dual USB Ports.

For power needs in a hotel or guest room, our USB Wall Charger Turbo 6 transforms one wall outlet into a 6-port USB charging station. With 50 watts of power, it can charge up to six devices simultaneously at blazing fast speeds.
