## About Shakti Durga

Formerly a successful Sydney Barrister and currently the mother of two grown-up children, Shakti Durga is a spiritually realized being who understands all the trials, tribulations and heartfelt desires of modern life. When she experienced her awakening (which began in 1992) Shakti Durga devoted the tenacious dedication required in her law profession to spirituality. She

studied widely and with as many illuminated masters and teachers as she could find, and diligently tested and cross-referenced what she was learning, until she emerged with her own synthesized set of powerful tools for the journey of enlightenment, and for living a spirited and soulful life.

To Shakti Durga, the spiritual path is not only about meditation and transcendence, but also about having more joy in life, richer relationships with friends, family members, partners and colleagues, a blazing sense of purpose and meaning, and enough abundance to support the life the soul desires. To this end, Shakti Durga has written several books and created her own neo-shamanic healing modality and developed many seminars and that help people weave spiritual tools and concepts into practical everyday existence – to really heal old wounds, open the heart, manifest abundance and create Heaven on Earth.

Teresa Collins, Co-Founder of the Global Coherence Pulse and founder of Islands of Coherence

“

Small islands of coherence in a sea of chaos can shift the whole system to a higher order”

*Barbara Marx Hubbard*

In addition to assisting people to find joy and fulfillment in their physical lives through books, seminars and healing, Shakti Durga is also a mystic, and her wealth of inner illumination uplifts her students in and of itself. Connection with this energy – which she encourages and assists people to develop within themselves – activates hidden codes within to help people blaze with strength, spirit, humour, warmth and love.

For the big journey, the journey of spirit and soul, it is a profound gift to have a 'tour guide' as you climb the spiritual mountain and find more blazing Self, more potential, opportunity and magic than you could imagine.

'I help people find their identity beyond the mind, open to love, and the bliss and light within themselves. This helps them find their purpose, have better relationships and evolve rapidly on the spiritual path. I work with people from all traditions and backgrounds, but prefer to work with people who really want to progress spiritually, to shine with the inner life and make a difference in the world. It is good if you have already done some work on yourself, and want more.
