

DR. MITCHELL JOSEPHS HOSTS FREE SEMINAR ON “TEETH FOR LIFE”

Make a New Year Resolution for Oral Health this Year and Learn the Most Important Tips for Keeping your Teeth Healthy

PALM BEACH, FL, UNITED STATES, January 26, 2022 /EINPresswire.com/ -- Have you been to your dentist lately?! According to a survey of the RAND American Life Panel and published by the International Association for Dental Research, nearly half of respondents (46.7%) reported delaying going to the dentist or receiving dental care due to the COVID-19 pandemic. Among adults who reported delaying dental care due to the pandemic, 74.7% reported delaying a checkup, 12.4% reported delaying care to address something that was bothering them, and 10.5% reported delaying care to get planned treatment.
