COLUMBUS, UNITED STATES, January 26, 2022 /EINPresswire.com/ -- The DCRO Institute, a global nonprofit focused on bringing risk expertise to the boardroom and c-suite, announced today the award of the prestigious [Certificate in Risk Governance®](#) to Rebecca Brosnan of Hong Kong.

“

Rebecca brings a powerful dedication to high standards of service as a board member.”

David R. Koenig, President and CEO, The DCRO Institute

Rebecca is a non-executive director and member of the board risk committee for The City Bank Limited in Bangladesh. She was nominated to that position as a representative of the International Finance Corporation

(IFC). Rebecca also serves as Chief Operating Officer for Mother’s Choice in Hong Kong, where she previously served as Director of Finance. Earlier leadership roles include positions with Hong Kong Exchanges and Clearing Limited (HKEx) and Merrill Lynch.

"Rebecca brings a powerful dedication to high standards of service as a board member," said David R. Koenig, President and CEO of the DCRO Institute. "Her work is global and influential, as indicated by her IFC appointment, and that influence is surely going to grow," he continued.

The Certificate in Risk Governance® is awarded to those who have completed an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents.

"I loved the Certificate in Risk Governance course," said Ms. Brosnan. "The depth of expertise

shared from such a wide variety of discipline is the perfect foundation for any Board Director or senior leader working with boards."

The Certificate in Risk Governance® program, also known as The Board Members' Course on Risk®, is unique. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else. The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
