

Network Analytics Market 2022: Expeditious Growth Expected In Coming Years

The network analytics market is segmented on the basis of component, deployment mode, application, enterprise size, end user, and region.

PORTLAND, OR, UNITED STATES,
January 27, 2022 /EINPresswire.com/ --

Rise in adoption of software-defined network (SDN) integration with legacy system further fuels the growth of the market. However, lack of budget in small scale enterprise and high capital

expenditure (COPEX) & operating expenditure (OPEX) of network intelligence solutions restrain the growth of the [network analytics market](#) globally. Furthermore, growing need of real-time network analysis and rise in number of connected devices, which generate the need for network analytics solutions is expected to provide numerous opportunities in the network analytics market in the future.
