

Cenfura Nigeria Ltd participated in a signing ceremony to provide 5 million solar connections to the people of Nigeria.

LONDON, UK, January 27, 2022

[/EINPresswire.com/](https://EINPresswire.com/) -- [Cenfura Nigeria Ltd's](#) CEO Dr. Albert Okorogu recently participated in a signing ceremony with his counterparts from the Nigerian Federal Ministry of Power and Bauchi State Ministry of Power, Science and Technology. Included in the meeting were Senior Staff of the Ministry of Energy, Sokoto State; the Permanent Secretary, Federal Ministry of Power; the Honorable Commissioner MoPST, Bauchi State; Engr. Abubakar, the Director of Renewable and Rural Power Access, Federal Ministry of Power; and the Director of Legal, Federal Ministry of Power.

L-R: Bauchi State Commissioner for the Ministry of Power, Science and Technology - Hon. (Hajia) Miriam Bagel; Director of Legal, Federal Ministry of Power; Permanent Secretary, Federal Ministry of Power, during the signing ceremony of the agreement.

The ceremony was arranged to finalise the [agreement](#) that Cenfura and its Nigerian counterparts have been working to bring to fruition for several months. It was held on 19 January at the Nigerian Federal Ministry of Power's press hall and was a success. Participants from the various Ministries and Cenfura gathered to accept and sign the document.

About Cenfura

Cenfura Nigeria Ltd is a subsidiary of Cenfura Ltd, a disruptive technology company enabling smart energy services by providing integrated digital payments technology into the energy sector.

Through the use of its digital payments solutions, Cenfura provides the bridge to the digital economy. Cenfura offers its partners energy transactions that are blockchain settled to increase efficiency, security, and provide connectivity to a range of defi applications. In addition to Cenfura's assets, our digital payments platform can be integrated by existing third-party projects

as a technology overlay to provide them a stepping-stone into the digital economy.

Cenfura assets and partner assets across the globe can use the Cenfura platform. The Cenfura Digital Payment system combined with smart energy services — technology, power production, distribution, control, and digital transactions — form the core of the platform and provides the capabilities needed to deploy energy solutions globally.
