

Equipment Leases Inc. Now Offering Used Equipment for Sale

1,000's of Used Equipment Listings in Food Processing, Packaging, & Mining

SALT LAKE CITY, UT, USA, January 28, 2022 /EINPresswire.com/ -- Equipment Leases Inc., located in Salt Lake City, Utah, announced today that they have added a large selection of quality [Used Equipment for sale](#) to their clients. As a result, hard-to-find equipment in the Food Processing, Packaging, Mining, and Cannabis industries will be available for purchase. The ongoing issues in the supply chain have reduced the availability of new equipment in these industries and some cases, a multi-year waiting list. Delays in delivering the "new equipment" have created an immediate need for quality used equipment of all kinds to replace aging units and satisfy increasing consumer demand.

Steven Hansen, CEO of Equipment Leases Inc., stated, "We are pleased to offer our clients extensive lease funding options and now the actual equipment needed to grow and succeed. They can now browse thousands of quality [used equipment listings](#) on our website and request an immediate quote. Of course, we will fund 100% of the purchase price if necessary. "

Equipment Leases and our used equipment partners receive additions to our inventory weekly.
