

# PatentPC announces patent workflow system for clients

*The people at the Patent PC have drafted thousands of patent applications for a wide range of clients, ranging from start-ups to Fortune 500 companies.*

SANTA CLARA, CA, UNITED STATES, January 28, 2022 /EINPresswire.com/ --

The boutique Silicon Valley law firm [Patent PC](#) announces that its patent workflow is available to clients to use. With A.I. technology to assist clients and staff, the firm is able to operate cost-efficiently and responsively to client needs in providing high-quality, secure, yet touchless provisioning of patent, [trademark](#), and IP legal services to clients.

Patent PC Office

Patent PC was formed in late 2020 with highly seasoned patent professionals. The people at the Patent PC have drafted thousands of patent applications for a wide range of clients, ranging from start-ups to Fortune 500 companies. With AI, we perfected our patent quality review methodology in our quest to ensure high-quality patent applications and our predictive technology provides us with probabilistic USPTO art unit placement for best prosecution placement, and we prosecute them with interactive video conferencing to get the broadest possible claims granted in light of best licensing practices and the
