ACCREDITATION OF THE UNIVERSITY

The University is Accredited by WHO,CHED,NMC(MCI), ECFMG, FAIMER, USMLE and goes on

WHY MBBS IN PHILIPPINES?

Many Indian MBBS students prefer to study medicine in foreign countries. Philippines is one Among Top Priorities, education is excellent. MBBS in the Philippines is offered at a far lower cost than MBBS in Russia, Ukraine, China, Georgia, or the Caribbean. The high FMGE Qualifying ratio demonstrates that perhaps the studies are of high quality. The US based Curriculum in Philippines. After finishing their MBBS in the Philippines, students have the option of continuing their education in the United States.

India is more culturally attached to Philippines as it belongs to the continent of Asia and the people are very friendly and helpful in nature.

UV GULLAS COLLEGE OF MEDICINE FACULTY

UV Gullas Medical College is institution that educates well-educated specialists for the majority of the Philippines' national economic sectors. The college has a strong ratio of well-trained and highly qualified faculty members who are also well-versed in modern technology. It also has enough non-technical employees to create a self-learning environment for the students. The college is dedicated to improving health care education and service quality for the people of the country.

UV's MD Course is meant to equip students with the medical knowledge, clinical skills, and professional attitudes necessary to practice medicine as a competent Foundation Year (FY1) doctor.

UV's spiral curriculum is divided into modules based on body systems, which include a variety of scientific and medical topics. Early patient engagement and clinical skills are encouraged through an integrated, problem- and systems-based curriculum.

In terms of curriculum, delivery style, and selection criteria, the Course is remarkably comparable to the Doctor of Medicine (MD) degree in the United States.

A BS-MD Course is followed in the Philippines.

After completing this Pre-Medical, the student can apply for admission to the MD Course by taking the National Medical Admission Test (NMAT).

MD Course: The MD Course in the Philippines lasts four years and is equivalent to the MBBS Course in India and other countries.

This clinical rotation for the clinical internship takes place at the universities' affiliated hospitals.

THE MEDIUM OF INSTRUCTION IS IN ENGLISH

Indian students do not need to acquire a new language when they arrive in the Philippines. Unlike other Overseas Medical Destinations such as China, Russia, and Ukraine, students are not required to learn a new language before beginning to study the topics.

UV Gullas College of medicine fee structure is moderate for Students also serves International Students especially very comfortable for Indian students who wish to study Medicine with affordable Fees Structure. The University is flexible with Part Payments for Fees.

Whereas UV Gullas College of Medicine admissions come with flexible payment modules as students having installment options to pay their fees and without donation or capitation fees. Total course duration is 5 years 4 months. We also assist with bank Loans.

THE CLIMATE IS TROPICAL, WITH A DISEASE PATTERN THAT IS COMPARABLE TO THAT OF INDIA. Because the Philippines is located in the same tropical zone as India, students will experience a warm and welcoming environment. Because of the comparable climatic conditions, the disease pattern is likewise similar to that of the Indian Subcontinent. As a result of their expertise treating patients with similar disease patterns in the Philippines, students studying in the Philippines are well prepared to practice in India.
