

TIA licenses Capitoline as a TIA-942 Certification Body

The Telecommunication Industry Association appoints Capitoline as a TIA-942 licensed Certification Body for data center auditing and training

LONDON, UK, February 1, 2022 /EINPresswire.com/ -- The [Telecommunication Industry Association](#) (Arlington, VA) has appointed [Capitoline Ltd](#) (London, UK) as a TIA-942 licensed Certification Body and training provider.

CAPITOLINE

The TIA-942 Certification Program enables data centers to be reviewed and certified for conformity to the requirements of the globally-recognized ANSI/TIA-942 standard, providing greater assurance to customers and stakeholders. The program includes a worldwide listing of TIA-942 certified data centers, TIA-942 certified auditors, consultants and companies providing consulting and auditing services, as well as information and training for companies and individuals interested in becoming a certified auditor or consultant.

“

We have supported the TIA-942 standard since 2005 and we are very pleased to move forward with this formal recognition”

Barry Elliott

Audit and certification by a qualified auditor affiliated with

and operating under a licensed Conformity Assessment Body (CAB) is required to validate that the design and build of a data center conforms to the ANSI/TIA-942 standard.

Certification against the TIA-942 standard can be for the design, for the installed facility or ‘TIA942 Ready,’ which may be applicable to products such as prefabricated data centres.

ANSI/TIA-942 AUDIT AND CERTIFICATION TRAINING

Individuals who are interested in pursuing a career in consulting and auditing data centers to the ANSI/TIA-942 standard can follow a series of TIA-approved training and certification programs such as provided by [Capitoline](#).

ABOUT CAPITOLINE

Capitoline is an independent engineering consultancy specialising in data centre auditing, design and training. Capitoline wrote the world's first training course, based on TIA-942, in 2005 and has been auditing data centres to TIA-942 and other international standards since 2006.
