[business management software](#) for [IT and office supplies](#) value-added resellers in the United States and Canada. VARStreet offers a feature-rich B2B eCommerce solution allowing the resellers to build their online store using the product catalog from 45+ IT and office and supplies distributors like Aster Graphics, Liberty Laser Solutions, Securematics, Clover Imaging group, S.P. Richards, and more.

The latest updates on the platform include integration with Versapay payment gateway. This will allow VARStreet resellers to charge, authorize and pre-authorize credit card payments through Versapay.

Other enhancements include implementation of single-sign functionality on VARStreet BackOffice for resellers using Azure software. Resellers already logged into Azure can now access VS BackOffice with only their username. Along with the above-mentioned updates, VARStreet's development team has introduced options to include/exclude distributors in MSRP/MSP page. Resellers can now select the distributors for defining MSRP/MSP. Other general release items include the introduction of a flag in Store Setup that will disable cart checkout when freight charges are not available.

Shiv Agarwal, Director at VARStreet Inc. said, "We are making continuous improvements on our platform to deliver more value." He further added, "The new updates can be leveraged by our resellers to further optimize their processes".
