

Kent Imaging appoints Jason Nessler as Vice President, Product Development

Kent is pleased to announce Jason Nessler as VP, Product Development, with 25 years of experience in the development of innovative technology solutions.

CALGARY, AB, CANADA, February 1, 2022 /EINPresswire.com/ -- Kent Imaging is pleased to announce the appointment of Jason Nessler as Vice President, Product Development. Mr. Nessler has over 25 years of leadership experience including the ability to build consensus and lead diverse cross-functional teams to deliver results.

Mr. Nessler's prior leadership experience includes broad responsibilities spanning the creation, management, and delivery of technology solutions. At Kent, Mr. Nessler will be responsible for leading product strategy and execution including software, hardware, cloud and AI solutions.

Jason Nessler, Vice President, Product Development

"The Kent team and Board of Directors are very excited to have Jason join our organization," said Pierre Lemire, Kent's CEO. "Adding Jason's senior leadership to our product development will accelerate our innovation and evolve our engineering processes. His combination of hardware and software expertise, along with integration with other systems deployed in cloud infrastructure, positions Kent to continue its technology leadership in support of our mission to reduce complications and improve patient outcomes."

About Kent Imaging, Inc.
