"Bruce and his team are top-notch. I bought a six-year-old car with paint that had obviously been neglected. I knew I would never have time to polish and wax it myself. I bit the bullet and trusted Bruce to bring my paint back and protect it with the highest quality ceramic coating on the market. Palm Beach Ceramic did NOT disappoint. I can relax now knowing that my paint looks great and will not need any more attention for at least the next few years. It's not the cheapest thing to do with your car but it is definitely worth it. My car is now worth more and I wouldn't bat an eye at having it done to my next vehicle. Thanks, Guys!" -Ryan E.

"I just had Bruce and his team ceramic coat my truck. Not only does it seem to shine so much deeper than other cars parked around it - but this morning was the first time I drove after it is wet. At speed, the water just rolled off my truck like it was nothing. So satisfying to watch lol and

it was a nice little wash without me doing anything extra. As far as the service itself, Bruce made sure to keep in touch regarding their progress and it was clear they took their job very seriously. I appreciate that. So grateful to have had this shop do the work. It was painless." -Emily R.
