

Lauth Investigations International Celebrates Over \$30 Million in Assets Returned to Claimants in 2021

BOULDER, CO, UNITED STATES , February 2, 2022 /EINPresswire.com/ -- It has been a record-breaking year for the Return Assets Division of Lauth Investigations International. In pursuit of their mission to put unrecovered assets back in the hands of their rightful owners, the Return Assets Division has reported over \$30 million in assets have been returned to claimants as of the end of 2021.

The year began with a banner month of returns, with total amount returned in January 2021 surpassing \$2 million—a record breaking month for the Return Assets Division. It was a sign of things to come for Lauth as hundreds of claim researchers, paralegals, claim analysts, processors, and support professionals persevered through a debilitating pandemic climate in order to build family trees, prove heirship, and return assets. In 2021 alone, Lauth claim researchers managed to return over \$10 million in assets, another record-breaking benchmark.
