

# COMFORT SUITES PARADISE ISLAND CONTINUES TO OFFER FREE ONSITE COVID-19 TESTING

*Free Rapid Antigen Test for U.S.-bound Travelers Adds to Guests' Comfort and Convenience*

NASSAU-PARADISE ISLAND, BAHAMAS, February 3, 2022 /EINPresswire.com/ -- Comfort Suites Paradise Island continues to offer [free COVID-19 Rapid Antigen testing](#) to all international guests with plans for return travel to the United States. The popular all-suite hotel strives to ensure the continued safety, health and convenience of all its team members and guests.

The Bahamas government requires all visitors to produce a negative Rapid Antigen or RT-PCR COVID-19 test (depending on vaccination status) no more than three days prior to each guest's arrival into The Bahamas in order to obtain a Bahamas Travel Health Visa required for entry into the country. Also, effective January 4, 2022, an additional Rapid Antigen Test is required for all travelers staying in The Bahamas after 48 hours, regardless of vaccination status. Visitors departing on or before 48 hours will not be required to obtain this test; this replaces the previously required Day 5 Rapid Antigen test. For return travel,

Yasmine Mills-Strachan, Director of Sales at Comfort Suites Paradise Island, noted: "With the continuation of free Rapid Antigen (COVID-19) testing service provided by our hotel, we are happy to be able to make our guests' stays more comfortable, while ensuring their safety, as well as the safety of our staff and residents."
