TUCSON, ARIZONA, UNITED STATES,  
February 3, 2022 /EINPresswire.com/ --  
Thomas Clinton Owen a.k.a. T.C. Owen  
has published a thought-provoking  
work

of fiction exploring American politics  
and the true meaning of a freedom  
book titled POTUS: A

Political Fantasy in Three Parts. The  
book is the story of a semi-reluctant  
hero acting for the  
people of the United States, the world,  
and the universe at large. The  
questionability of his election  
to the presidency is balanced by the  
exceptional efforts he makes to complete a simple goal: the  
reestablishment of freedom for the people of the United States and the world-at-large, as well  
as  
creating it for sentients in the Cosmos.

This simple goal motivates him and, at the same time, frustrates him. He lives to inspire and  
free  
others while at the same time, he feels that the inspiration weighs too much on him and lessens  
his  
freedom. His life is blessed with extreme joy and accomplishments, but as often as not,  
affected  
with gloomy sadness and fear that he has accomplished nothing. He is a man for the ages but  
feels  
that he is insufficient for the jobs he has set out for himself. His growth during the novel allows  
him to at last believe that the impossible is manageable, yet sometimes at high costs.

T.C. Owen is a retired English instructor on the junior college level who has always been  
interested

“How is it to be free? Look at it this way: When the men and women came to the shores of this continent in the sixteen hundreds, they looked upon a raw, unfinished land and made a commitment”

in politics and government. The things that catch his attention are the ways politicians and government officials act and how they try to hide their true intentions from the people of this country.

His purpose in writing is to shine a light on the uses and abuses of power, along with an entertaining storyline that transcends the usual boring approach to political commentary, thus the fantasy aspect of the novel.
