

WHO and WHAT IS GOD?: An exciting journey of discovery

The Curiosity of Human Beings towards God's Teachings and Ideologies

TUCSON, ARIZONA, UNITED STATES, February 4, 2022 /EINPresswire.com/ -- Many people have strong principles about God but do they study hard and inspect to find out who and what God is? Thus, Brian H. Butler published his book title, WHO and WHAT IS GOD? : An exciting journey of discovery. The book is about God, theology, Theo-God, and logos-word. The knowledge of God can only be valid when the Bible is studied carefully by each individual with the direct help of God's Spirit.

The purposes and goals are to provide a resource to anyone whose 'eyes and ears' are being unwrapped by our Father, the Almighty God, to learn about Him. The information in

it is not coming from any religious ideas. It is entirely based on the original manuscripts that make up the Holy Bible, the instruction manual for human life. Further, the book shall help to explain the answer to the question so many have in their minds, "How can a God of love allow all the horrendous evil that exists in this world?" It goes on to offer more detail about the glorious future human beings will have as God's children for eternity.

“

“God allows us to experience the low points of life to teach us lessons that we could learn in no

other way.” —

C.S. Lewis.

“This book was a wonderful book, and humble. Brian did a great job with the simplicity of God's Word. I like the part about creation and how Brian got right down to the power and energy of God's Spirit. How the power of God is still a mystery, and always will be...The respect I got from this book for God's creative acts, praise the Lord. It is an eye-opener to read this book. The development of true

spirituality. 'Attitude is everything. Willingness to change and continual repentance is the only safe way forward for those who are now in Christ.' God bless you all, get this book!" — Anthony Almeida, Amazon customer review.
