According to 'Individual And Family
Services Global Market Report 2022 –
Market Size, Trends, And Global
Forecast 2022-2026' published by The

Business Research Company, the [individual and family services market size](#) is expected to grow from \$796.61 billion in 2021 to \$905.40 billion in 2022 at a compound annual growth rate (CAGR) of 13.7%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The individual and family services market is expected to reach \$1450.01 billion in 2026 at a CAGR of 12.5%. The rise in abuse and neglect towards children and the elderly is expected to drive the individual and family services industry growth.
