

Cryotherapy Market Analysis Report, Size, Share, Trends, Growth, Demand, Forecast, Research, Applications, and Outlook

Rapid technological advancements in cryotherapy devices and rising use of cryotherapy to treat skin problems

VANCOUVER, BC, CANADA, February 4, 2022 /EINPresswire.com/ --

According to latest analysis by Emergen Research, Global [cryotherapy market size](#) reached USD 214.9 Million in 2020 and is expected to register a revenue CAGR of 8.5%, during the forecast period, Rapid technological advancements in cryotherapy devices and increasing use of cryotherapy to

treat skin problems are some key factors driving global cryotherapy market revenue growth. Increasing usage of cryotherapy for treating mood disorders are also expected to boost revenue growth of the market to a significant extent. Whole-body cryotherapy entails use of ultra-cold temperatures that can cause physiological hormonal responses, and causes release of adrenaline, noradrenaline, and endorphins. This has the potential to benefit those suffering from mood disorders such as anxiety as well as depression. According to studies, whole-body cryotherapy proved beneficial in short-term treatments for both.

However, cryotherapy is not widely available in developing and underdeveloped countries, which is expected to hamper growth of the global cryotherapy market to some extent over the forecast period. Cryotherapy is not widely available in some developing and any underdeveloped countries. In addition, lack of awareness regarding cryotherapy and concerns regarding side effects of cryotherapy are factors projected to restrain revenue growth of the market between 2021 and 2028.

The report offers a comprehensive overview of the market along with details about market size, market share, revenue growth, and top companies. The report covers all crucial and essential information related to global Cryotherapy market to help readers, investors, clients to gain a thorough understanding of the market and invest accordingly. Various advanced statistical tools

such as SWOT analysis or Porter's Five Forces are used in the report.
