Ackah Law is focused on our client's success and offering exceptional immigration legal services by maximizing our resources utilizing leading-edge technology and finding innovative, pro-active solutions for the challenges that may arise throughout the immigration process. Our investment in technology allowed us to seamlessly pivot during the pandemic, and remotely support our local, Canadian and global clients when government offices shut down and borders were closed.

Evelyn continued that all of the Ackah Law team is excited for the opportunities afforded by participating in the Alberta Internet of Things (IoT) and identifying and

implementing new digital technologies that help clients meet their immigration needs, and provide enhanced or expanded services while controlling costs.

Ackah Law's vision is to develop an innovative approach to business immigration law that includes the highest standards for technology, systems, and processes.

#### About Alberta IoT

[The Alberta IoT Association is a nonprofit](#) consisting of organizations with a vested interest in the success of the Internet of Things in the province of Alberta. Our mission is to position Alberta as the worldwide center of excellence for the Internet of Things technology.

The Alberta IoT is a technology ecosystem program to help established businesses (in Calgary and surrounding areas) in IoT (running IoT as a business or leveraging IoT for their growth) to scale up, gain access to resources, and increase collaboration between tech sector businesses, with the ultimate goal of creating new jobs, expand operations, and increasing revenue in Canada and abroad.
