

PeerAssist Featured in Construction Executive's 2022 Hot Products

PeerAssist's Purchasing solution is recognized for innovations that streamline field and office operations.

COLUMBUS, OHIO, USA, February 8, 2022 /EINPresswire.com/ -- [PeerAssist](#),

a leading provider of field productivity construction management software, has been named as a 'Hot Product' by

Construction Executive. The enhanced Purchasing module, a comprehensive suite of digitized construction e-forms that ensures seamlessly aligned field and office communications, is highlighted as a top construction technology in the magazine's [2022 special edition issue](#).

"We're proud to be featured alongside other leaders in the construction technology sector," says Matt Wagoner, CEO of PeerAssist. "Having PeerAssist Purchasing recognized is humbling and we appreciate being seen as a leader in construction field productivity".

The annual list recognizes leading products at the forefront of construction's digital transformation and highlights the hottest industry trends.

About PeerAssist

PeerAssist is a construction management software company based in Columbus, Ohio. Specializing in cloud-based solutions that empower companies to maximize profits and improve efficiency, PeerAssist's Field Productivity Platform digitizes construction documents in the field, streamlines material purchases, tracks T&M for out-of-scope work, and replaces paper-based/spreadsheet documentation.

About Construction Executive

Published by the Associated Builder and Contractors trade organization, Construction Executive Magazine reaches more than 56,000 leading contractors and construction-related business owners worldwide. The publication serves as the leading source for news, market development, and business issues impacting the construction industry.
