Major Key Companies:

- Cisco Systems, Inc.
- Hewlett Packard Enterprise Development LP
- Ruckus Wireless
- Ubiquiti Inc.
- Extreme Networks
- Zebra Technologies Corp.
- NETGEAR
- Huawei Technologies Co., Ltd.
- D-Link Corporation
- TP-Link Technologies Co., Ltd.
- Belkin International, Inc.
- ALE International
- Dell

Market Segmentation:

On the basis of component type, the WLAN equipment market is segmented into:

- Access Points
- Router
- WLAN Controllers

On the basis of location, the WLAN equipment market is segmented into:

- Indoor
- Outdoor

On the basis of technology standards, the WLAN equipment market is segmented into:

- 11a/b/g
- 11n
- 11ac

On the basis of application, the WLAN equipment market is segmented into:

- Enterprises
- Schools
- Hospitals
- Home

Regional Analysis:

The Asia-Pacific market for WLAN Equipment is driven by the region due to increased industrial growth and strong demand for measuring meters. In countries like China and India, the growing need for WLAN Equipment Market in measurement processes is propelling the market to new heights in the near future. North America is likewise growing strongly.

Influence of the WLAN Equipment Market report:

- Comprehensive assessment of all prospects and hazards in the WLAN Equipment Market; current innovations and important events in the WLAN Equipment Market.
- A thorough examination of business strategies for the WLAN Equipment Market's major players.
- Conclusive analysis of the WLAN Equipment Market's growth trajectory in the future years.
- In-depth knowledge of the WLAN Equipment Market, including key drivers, limitations, and micro markets.

Key Questions Answered:

- What will the market size be in 2022, and at what rate will it grow?

- What are the most important market trends?
- What is the driving force behind this market?
- What are the obstacles to market expansion?
- Who are the major players in this market?
- What market possibilities and dangers do the major vendors face?
