Breathalyzers measure the rate of alcohol in one's breath to calculate the blood alcohol content (BAC). There are two types of breathing, counting hand-held breathing and desktop analyzer.

Global Breathalyzers Market: Drivers

High drug abuse is likely to drive the growth of the global breathalyzers market in the estimated period. For example, as per the 2018 National Survey on Drug Use and Health, in the U.S., approximately 164.8 million people aged 12 and over were using tobacco, alcohol, or illicit drugs in the past month.

Global Breathalyzers Market: Opportunities

Furthermore, high misuse of prescription painkillers is also likely to help the market grow. For example, as per the 2018 National Survey on Drug Use and Health, in the US, in 2018, 3.6% of the population misused painkillers.

Global Breathalyzers Market: Restraints

The emergence of Covid-19 has led to a decline in the use of respiratory equipment for fear of the spread of contagious disease. For example, according to the World Health Organization, there are 4,801,202 confirmed cases of Covid-19 as of May 20, 2020, including 318,935 deaths.

Global Breathalyzers Market: Key Takeaways

The size of the global breathalyzers market was estimated to accounted for US\$ 4,518.4 Million and during the forecast period (2020-2027) it is expected to witness a value of US\$ 71,866.2 Million with a CAGR of 41.3%. Major factors contributing to the growth of the global breathalyzers market during the estimated period include increasing cases of drink and drive and technological advances in respiration.

In 2019, North America led the global breathalyzer market with a 47.0% share of the continent, then Europe and Asia Pacific. The presence of leading producers in the region and production projections are likely to support the growth of the region in the estimated period.

Global Breathalyzers Market: Market Trends

Key players in the market focus on fuel cell-based breathalyzer. These breathalyzers facilitate accurate BAC identification. For example, PAS Systems International Alcohol Sensor Systems offers the new PAS Qtr A compact round cell case and PAS004 Mini-A fuel cell.

Asia Pacific has the highest number of substance-related deaths. For example, a study by researchers at the National Drug and Alcohol Research Center found that 559 cases of marijuana deaths were reported in Australia during 2000-2018.

Global Breathalyzers Market: Key Developments

Key players in the market focus on launching new products to expand their product portfolio. For example, BACtrack introduced a new line of breathalyzers for the BACtrack C6 and BACtrack Skyn in January 2018.

likewise, Quest Products Inc. introduced the AlcoHAWK RapidScreen, a fuel-cell breathalyzer designed in July 2019, to monitor alcohol levels in both active and passive modes.

Global Breathalyzers Market: Competitive Landscape

Key players performing in the global breathalyzers market are BACtrack Inc., Intoximeter Inc., AK GlobalTech Corporation, ENVITE- WISMER GmbH, TruTouch Technologies Inc., Toshiba Medical Systems Corp., PAS Systems International Alcohol Sensor Systems, Meretek Diagnostics Group of Otsuka America Pharmaceutical Inc., Guth Laboratories Inc., Alcopro Inc., Alcolizer Pty Ltd., Akers Biosciences Inc., Aerocrine AB, Advanced Safety Devices LLC, Quest Products Inc., MPD Inc., Lifeloc Technologies Inc., Intoximeters Inc., Dragerwerk AG & Co. KGa, Alcohol Countermeasure Systems Corp., and Cannabix Technologies Inc.
