

Defibrillators Market Research Report 2022-2028 with Detailed Analysis of Major Competitors

North America accounted for the majority of revenue in 2015 and is expected to maintain its dominance throughout the forecast period.

PORTLAND, OREGON, UNITED STATES, February 8, 2022 /EINPresswire.com/ -- According to the report by Allied Market Research, titled, "[Defibrillators Market](#) by Product (T-ICDs, S-ICDs, CRT-D, MED, AED, WCD) and End-User (Hospitals, Prehospital, Public Access, Alternate Care, Home) - Global Opportunity Analysis and Industry Forecasts, 2022 - 2028". The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

Automated external defibrillator (AEDs) segment is projected to maintain its lead in the overall external defibrillators market due to its increasing installations at public or private places such as schools, work place, airports, sports arenas, government offices, and others. The growing demand of AEDs in the developed economies of North America and Europe have further boosted the market growth. Furthermore, wearable external defibrillator is anticipated to exhibit the highest growth, with a CAGR of 12.3% during the forecast period. This is owed to the advanced protection by these defibrillators for sudden cardiac arrest and increase in demand from home healthcare facilities.
