*Vitrified tiles market drives the growth by rise in demand for tiles with higher textural appeal, durability, and ease of installation.*

PORTLAND, OR, UNITES STATES,  
February 9, 2022 /EINPresswire.com/ --

According to a new report published by Allied Market Research, titled, [Vitrified Tiles Market](#) by Product Type (Glazed Vitrified Tiles, Full Body Vitrified Tiles, and Double Charged Vitrified Tiles), Distribution Channel (Online, and Offline), Application (Floor Tiles, and Wall Tiles) and End User (Residential, and Non-residential): Global Opportunity Analysis and Industry Forecast, 2021–2030

Rise in urbanization & industrialization in developing countries, surge in expenditure on home remodeling, and developments in the construction sector drive the growth of the global vitrified tiles market. On the other hand, volatile raw material prices and popularity of natural stones for flooring impede the growth to some extent. However, Implementation of advanced digital printing is expected to create lucrative opportunities in the industry.
